

General Purchasing
Terms and Conditions
for the VOLTAIRA Group
Status May 2

General Purchasing Terms and Conditions for the VOLTAIRA Group Status May 2, 2021

Applicable to business transactions with companies, legal entities under public law and special funds under public law.

1. Scope

1.1 Our purchasing orders shall be subject to the following purchasing terms and conditions exclusively. We will not recognize any changes or amendments to same, or any purchasing conditions by Supplier contrary to the purchasing terms and conditions hereafter unless same have been confirmed as an amendment to our purchasing terms and conditions in writing, thereby agreeing to their applicability. Acceptance of any shipments or services from the Supplier or their unconditional payment shall not be construed as any approval of the Supplier's terms and conditions, even if same are definitely known to us.

1.2 Our Purchasing Terms and Conditions shall also be applicable to all future business transactions with the Supplier.

2. Orders

2.1 Any contracts, orders, signings and/or delivery requests, plus any changes or amendments to same shall be made in writing. Delivery requests may also be made by data telemetry or fax.

2.2 Verbal agreements after the contract signing, especially after-the-fact changes and amendments to our Purchasing Terms and Conditions - including this written form requirement – as well as any other ancillary agreements shall require our written confirmation in order to take effect.

2.3 Cost estimates shall be binding and shall not be compensated, unless otherwise agreed upon.

2.4 Supplier shall be obligated to accept our order within a 2 week deadline, and we shall be authorized to cancel such order if such acceptance is not issued on time. Delivery requests shall be binding unless the Supplier raises an objection within five business days after receipt of the request.

2.5 In the case of recurring orders or delivery schedules these orders/delivery requests authorize Supplier only to manufacture the quantities stipulated for the first 4 (four) weeks (production go-ahead) and only to order the materials required for another 4 (four) weeks (materials release). As long as

no changes are made to the orders/delivery requests, the period of the production go-ahead shall be extended based on the last order/delivery request. Materials releases beyond that may only be effected after prior written approval of our corresponding specialized departments.

2.6 Unless otherwise specified in the order requirements, all delivery items shall be delivered in customary commercial quality and – in case of industrial standards and/or regulations, such as equivalent standards, shall be delivered in compliance with same and in compliance with agreed-upon test certificates.

2.7 In individual cases, order standards and drawings specified by us shall be binding, including tolerance specifications. Upon acceptance of the order, Supplier shall acknowledge having obtained information on implementation type and scope of performance by studying the existing plans. We shall not be obligated in case of obvious errors, typos and math errors in the order itself or in the documents presented by us. Supplier shall be obligated to inform us of such errors so that our order may be corrected and restated. Same shall apply in case of missing documents or drawings.

2.8 The Quality Assurance Guidelines for Suppliers as well as the applicable delivery and packaging regulations of VOLTAIRA shall be an integral part of all our orders. In case the delivery, packaging regulations are not known, Supplier shall request said information from the respective buyer/purchaser. Quality Assurance Guidelines may be downloaded from the internet under: [General Terms & Conditions \(voltaira-group.com\)](https://www.voltaira-group.com).

2.9 For products and services intended for vehicle products, the IATF 16949 in the version in force at the time of conclusion of the contract and the therein referenced international rules and standards of ISO 9001 ff are the basis of the legal relationship between the Supplier and us with mutual contractual binding force.

3 Prices, Payment Terms

3.1 The price indicated in the order shall be binding. Unless otherwise agreed in writing, said price shall represent door-to-door delivery, customs fee paid (DDP pursuant to Incoterms 2010), including packaging and insurance but without sales tax, or delivery to the destination specified in the order. Otherwise, Supplier shall provide the merchandise at the time agreed upon with the freight forwarder for loading and shipping in a timely manner. In case we are invoiced for packaging based on a separate agreement in special cases, we shall be authorized to return said packaging to Supplier free of cargo charges and shall receive credit for 2/3 of the packaging value. Supplier shall be using environmentally friendly packaging materials only. In case the parties agreed on charges for packaging, said materials shall be invoiced at cost only.

3.2 Unless otherwise specified in writing, we shall pay the purchase price on the 25th day of the month following the month in which delivery took place, at 3% discount on the gross invoice amount, or in full within 90 days after receipt of the invoice, conditional upon Supplier forwarding to us all contract documents in complete and legible form (such as certificates, documentations, test reports, etc.). In case the merchandise is received after the invoice, said payment deadline shall be based on the receiving date of the merchandise. Payment shall be made subject to an audit of the invoice.

3.3 In case Supplier lowers his prices by the delivery date, such price reductions shall be applied in our favor.

4. Time of Delivery, Delivery Default

4.1 Delivery dates and deadlines specified in the order shall be binding. They commence as of the date of order. Compliance with delivery dates and deadlines shall be determined by receipt of the merchandise at our facility, or by the date of services performed. In case the delivery was not agreed upon as door-to-door delivery (DAP or DDP pursuant to Incoterms 2010), Supplier shall provide the

merchandise at the time agreed upon with the freight forwarder for loading and

shipping in a timely manner.

4.2 In case Supplier has assumed installation or assembly, Supplier shall bear all ancillary costs required, such as travel expenses, provision of tools, and per diems.

4.3 Supplier shall be obligated to inform our ordering department immediately, in writing, whenever circumstances of any kind occur or become evident which indicate that the agreed-upon delivery date cannot be maintained.

4.4 Acts of God, labor unrest, forced operations disruptions, unrest, government actions and other unavoidable events shall authorize us – regardless of our other rights – to rescind from the contract, in full or parts thereof, if said events are of not insignificant duration.

4.5 We shall not be obligated to accept any delivery prior to its delivery date. In this case, we shall reserve the right to return the shipped goods at Supplier's expense. In case such early delivery is not returned, the shipped goods shall be stored at our facility until the agreed-upon delivery date, at Supplier's risk and expense. Payment will be made according to sec. 3.2, calculated from the agreed-upon delivery date.

4.6 In case delivery by Supplier is in default, we shall be authorized to demand a flat-rate default penalty in the amount of 0.8% of the order value per working day, not exceeding 10% of the order value. Additional statutory claims (especially for cancellation or damages due to non-compliance) shall be reserved.

4.7 The unconditional acceptance of the delayed shipment or service shall not be construed as any waiver of damage claims due to the delayed shipment or service; said claims shall remain in existence until payment in full for the remuneration owed by us for the respective delivery or service has been made.

4.8 Partial deliveries shall not be permitted in principle, unless expressly agreed to by us in writing, or as reasonable to us.

4.9 Unless otherwise proven, item numbers, weights and dimensions shall be those determined by us during the merchandise receiving check. We shall accept only those amounts and numbers of items ordered by us. Deliveries above or below such specifications shall be permitted only upon prior agreement with us in writing.

4.10 We shall be authorized to use any software as part of the product scope of delivery, including its documentation, to the permissible statutory extent (§§ 69a ff. UrhG [German Copyright Act]) with the agreed-upon performance specifications and to the extent required for the contractual application of the product. We shall be authorized to create a backup copy without any express agreement.

4.11 Supplier shall package the merchandise in suitable form.

4.12 We shall work under the assumption that Supplier, as the marketing agent of merchandise, has comprehensive knowledge of possible risks for his merchandise upon shipment, packaging, storage, etc. Prior to acceptance of an order, Supplier shall ascertain which of the merchandise ordered, or components thereof, must be classified as hazardous goods (such as paints, adhesives, chemicals or ignitable, oxidizing, combustible, flammable, poisonous, radioactive, corrosive, or self-ignitable goods). In any such cases, Supplier shall inform us immediately.

5 Transfer of Risk

Risk shall transfer to us at the time of acceptance by us or one of our representatives, at the location where delivery is to take place or services are to be rendered by contract. Sec. 4.5 remains unaffected.

6 Notice of Shipment and Invoice

Information provided in our orders and delivery requests shall apply. The invoice shall be forwarded as single copy to the imprinted address, stating the invoice number and other identification features. Said invoice shall not be included in the shipment.

7 Inspection for Defects, Warranty

7.1 We shall not be obligated to inspect the merchandise upon receipt. We shall attempt to inspect the merchandise for defects, especially accuracy, completeness and suitability by way of sampling during the proper course of business. Applicability of § 377 HGB [German Commercial Code] shall be excluded if permissible. Any complaint within 30 days after discovery of any fault or other deficiencies shall be deemed as being timely. Supplier shall waive any objection due to late deficiency claims.

7.2 Statutory warranty claims shall be available to us in full unless otherwise stipulated in the following. Regardless of said right, we shall be entitled to demand from Supplier our choice between remedy of defects or substitute delivery. Any expenditures incurred with said remedy of defects or substitute delivery shall be borne by Supplier. The right to damage claims shall be reserved.

7.3 In the event that the Supplier does not commence rectifying the defect immediately after our request to remedy it, in urgent cases, especially to ward off acute danger or to prevent greater damage, we are entitled to undertake such rectification ourselves or to have it undertaken by a third party at the expense of the Supplier.

7.4 The warranty period for merchandise which is intended for installation into a motor vehicle, vessel or rail vehicle, shall be 48 months after the date of first registration of a vehicle in which the merchandise is incorporated, but no later than 60 months starting with the transfer of risk. The warranty period for other merchandise or services shall be 36 months starting with the transfer of risk, unless the applicable statutory minimum warranty period is longer or the merchandise or service has been used for a building, in compliance with its customary use, and has caused the defectiveness thereof.

7.5 In cases of deficiencies in title, Supplier shall indemnify us from any claims by third parties. Deficiencies in title shall be subject to a 10-year statute of limitation. We shall be authorized to initiate the permit for use of the respective delivery items and services from beneficiary using due diligence of a proper business, at Supplier' s expense.

7.6 Supplier shall guarantee and ascertain that all shipments are not encumbered by any industrial property rights of third parties, and that delivery and use of the shipped goods do not violate any patents,

licenses or other industrial property rights of third parties within Germany. Inasmuch as Supplier is aware that his products are marketed by VOLTAIRA in other countries as well, the above shall apply to said countries equally.

7.7 For any part of the shipment restored or repaired within the statute of limitation for defect claims or in case of the supply of a substitute product within the Supplier's obligation to effect supplementary performance, the statute of limitation shall start to run anew at the time when the Supplier has fully complied with our claims for supplementary performance.

7.8 Supplier shall bear all costs incurred by us as a result of the defective shipment of the contract merchandise, especially costs for transportation, travel, labour, materials, incoming goods or sorting costs checks beyond the customary measure. We are entitled to perform a sampling check, and without prejudice to any claim, to return all the goods if the acceptable quality level, or AQL, has not been met or to carry out one hundred percent check at the Supplier's costs and risk, and claim compensation for faulty goods.

7.9 In case we take back any products manufactured and/or sold by us as a result of the deficiencies of contract merchandise provided by Supplier, or if our sales price was reduced because of said deficiencies, or other claims have been raised against us because of said deficiencies, we shall reserve the right to recourse against Supplier. Said recourse shall not be subject to any separate deadline.

7.10 We shall be entitled to demand reimbursement from Supplier of any expenditures incurred by us in our customer relation as a result of any claims for damage filed against us for purposes of post-fulfilment, especially costs for transportation, travel, labour, materials and sorting costs.

7.11 Regardless of the regulations in sec. 7.4, the statute of limitation in cases of sec. 7.9 and 7.10 shall expire at the time when we have satisfied the claims filed against us by our customer, at the earliest, but five years after delivery by Supplier at the latest unless the applicable statutory minimum warranty period lasts longer.

7.12 In case a material defect is discovered within six months after transfer of risk, the assumption shall be that said defect did already exist at the time of transfer of risk unless said assumption is inconsistent with the type of merchandise or defect.

8. Product Liability, Release

In case we are subjected to any claims resulting from any violation of government safety rules or due to domestic or foreign product liability regulations or law due to product deficiencies

traceable to Supplier's merchandise, we shall be entitled to demand compensation from Supplier inasmuch as these damages have been caused by products delivered by them. Supplier shall be liable for all damages caused by them, their legal representative or agents through negligence or intent.

These damages also include the costs of a necessary recall inasmuch as a defect occurs in a part delivered by Supplier, the assumption shall be that the defect has occurred within the realm of responsibility of Supplier exclusively.

9. Retention of Title, Provision

9.1 Inasmuch as we provide parts to Supplier, we shall retain title to such parts. Said parts shall be used for their intended purpose only. Any processing or reshaping by Supplier shall be performed on our behalf. In case of processing or admixture of our retained merchandise with other materials not in our possession, we shall acquire co-ownership in the new merchandise pro-rated by the value of our materials (purchase price plus VAT) relative to the value of the other processed materials at the time of processing.

9.2 In case the matter provided by us is inseparably interspersed with others not in our possession, we shall acquire co-ownership in the new matter pro-rated by the value of the retained matter (purchase price plus VAT) relative to the value of the other admixed materials at the time of admixture. In case the admixture takes place such that the matter of Supplier shall be regarded as the main component, the agreement shall be that Supplier assigns co-ownership to us and Supplier shall be the guardian of sole or co-ownership on our behalf.

10. Rights of Withdrawal and Termination

10.1 In addition to the statutory rights of rescission we have the right to withdraw from or terminate the contract with immediate effect if:

- the Supplier has stopped supplying its customers,
- the Supplier breaches a duty under the delivery
- there is or threatens to be a fundamental deterioration to the financial circumstances of the Supplier and as a result of this the performance of a supply obligation to us is in jeopardy,
- the Supplier meets the criteria for insolvency or over-indebtedness, or
- the Supplier stops making its payments and/or deliveries or threatens to stop shipment.

10.2 We also have the right to withdraw from or terminate the contract if the Supplier files an application for insolvency or comparable debt settlement proceedings to be initiated with respect to its assets.

10.3 If the Supplier rendered part performance, we only have the right to cancel the whole contract if we have no interest in the part performance.

10.4 If we withdraw from or terminate the contract by virtue of the foregoing contractual rescission rights or respective termination rights, then the Supplier must compensate us for the loss or damage incurred as a result, unless the Supplier was not responsible for the rights arising to withdraw from or terminate the contract.

10.5 Statutory rights and claims shall not be limited by the regulations included in this Section 10.

11. Liability

We shall not be liable for any damages caused by us, our legal representatives or agents through simple negligence. This shall be applicable without regard of the legal aspects of the claim raised, especially due to default, other obligation violations or non- permitted actions. This liability restriction shall not be applicable to any damages resulting from injuries to life, body or health, as well as any violation of significant contract obligations. In case of any violation of non-significant contract obligations, we shall be liable for any material damages only inasmuch and in the amount customarily foreseeable upon its occurrence at the time of contract signing. Seller shall be liable for all damages delivered by them. These damages also include the costs of a necessary recall inasmuch as a defect occurs in a part delivered by Supplier, the assumption shall the defect has occurred within the realm of responsibility of Supplier exclusively.

12. Offsetting Charges

Our right to offsetting charges or enacting withholding rights shall not be restricted. Supplier shall be entitled to any offsetting charges through counter demands only and inasmuch as these are not disputed or have taken effect legally.

13. Documents and Confidentiality

13.1 Any business or technical information provided by us (including any features obtainable from forwarded items, documents or software) shall be kept strictly confidential toward third parties as long and inasmuch said information is proven to not be known publicly, and said information shall be provided at Supplier's plant only to those persons who necessarily must be consulted on the use of said information for purposes of delivery to us. Said persons shall be obligated to maintaining confidentiality as well. Said information shall remain our exclusive property. Without our prior written consent, such information or any products manufactured or characterized by such information, production means, brands, and

appearance shall not be copied or utilized in any value-enhancing way, or subsequently supplied to any third parties, except for deliveries to us. Upon our request, all information originating from us (including any copies or recordings made, if any) and any loaned items shall be returned to us immediately or shall be destroyed immediately. We shall reserve all rights to such information (including any copyrights and the right to file industrial property rights, such as patents, utility models, semi-conductor protection, etc.) Such legal reservation shall be applicable in favour of third parties in case such information has been provided by third parties.

13.2 Any products manufactured pursuant to documents designed by us, such as drawings, models, and alike, or which have be manufactured pursuant to confidential information designed by us, or manufactured with our tools or reverse engineering tools, shall not be used by Supplier and shall not be forwarded or delivered to third parties by Supplier. The above shall equally apply to any printing orders.

14. Implementation of Work

14.1 All personnel implementing work in our plant facilities as part of contract fulfilment shall comply with all regulations of the applicable operations rules. Any liability for accidents incurred by such personnel in our plant facilities shall be excluded unless caused by intentional or grossly negligent violation of duty by our legal representatives or agents.

14.2 Any Supplier rendering services or performances in our plant facilities as part of a contract with us shall ascertain that his legal representatives, agents and other employees are provided with sufficient insurance coverage against occupational accidents.

15. Place of Fulfilment, Jurisdiction

15.1 Unless otherwise specified in the contract, the place of fulfilment shall be the venue where the merchandise is to be delivered by contract.

15.2 The jurisdiction for any legal disputes arising either directly or indirectly out of contractual relationships based on these Purchasing Terms and Conditions shall be Tübingen. The Local Court of Reutlingen (Amtsgericht Reutlingen, 72764 Reutlingen) has jurisdiction and venue over cases brought before the Local Court. We however have the right to take legal action against the Supplier at a court with jurisdiction over the registered office or branch office of the Supplier or at the court with jurisdiction over the place of performance at our discretion.

16. Export Control, REACH

16.1 The Supplier shall be obliged to inform us about any applicable export license requirements for the merchandise under German, European or US export control law and customs regulation as well as the export control law and customs regulations of the country of origin of the merchandise in his offers, order confirmations, invoices and other business documents and shall name a contact person in his organization to provide further information upon request.

16.2 Supplier is obliged to take care of the European Regulation (EC) No 1907/2006. He guarantees, that the merchandise is registered with regard to the use of said merchandise (which is known to them) is registered properly in accordance with said Regulation. He will fulfil his obligation – e.g. preparation and issuance of a safety data sheet – without delay.

17. General Regulations

17.1 In case of any disputes arising from this contract and contractual relations with us, German law shall apply exclusively while excluding the UN Convention on Contracts for the International Sales of Goods (CISG) and the conflict of law provisions.

17.3 If one of the provisions of these Terms and Conditions and of additional agreements reached should be or become ineffective, this shall not affect the validity of the Terms and Conditions in other respects. The parties hereto are obliged to agree upon a provision to replace the ineffective provision by one which comes closest in its economic intent to the ineffective one. The same shall apply in case of a loophole.
